

- Rutgers Sociology: Petition 3-6-9 Plan -

Rutgers Sociology graduate students, enrolled before fall 2019, must petition the graduate program director (GPD) to adopt the new 3-6-9 Plan and its options. *See Graduate Handbook for more details.* All graduate students entering with the class of 2019 and subsequent cohorts will automatically be required to follow the plan. Students who entered prior to fall 2019 will follow the departmental requirements in place when admitted (unless they successfully petition to adopt the 3-6-9 plan).

Your petition must be signed by you and your major advisor before seeking approval from the graduate director. Please provide a brief rationale for your petition. Note that you must adopt the entire plan, especially all deadlines. Students will NOT be able to select portions of the plan and forgo other requirements. Please see the GPD for more information. Once signed and dated by the GPD, your petition is approved.
